REPORT TO THE BOARD OF MAYOR AND ALDERMEN

PREPARED BY: Mark Shipley, Community Development Director

SUBJECT: Request for approval of an Event Application involving use of the Town’s public rights of ways and pedestrian facilities for the Forget Me Not 5K for Alzheimer’s benefitting the Pat Summit Clinic

INTRODUCTION AND BACKGROUND: Included in your packet is a request for approval of an Event application for the Forget Me Not 5K for Alzheimer’s benefitting the Pat Summit Clinic. This event has been held for the past eight years and this is the first time the event is proposed in the Town of Farragut. Proceeds from the event will benefit the Pat Summit Clinic at the University of Tennessee Medical Center. The event is scheduled for the morning of April 18, 2020 and is anticipated to have 750-1,000 participants.

DISCUSSION: The event is being presented to the Board of Mayor and Aldermen because a partial closure of one lane along Parkside Drive is being requested along with the use of a portion of Campbell Lakes Drive and the Parkside Drive Greenway. The start and finish will be at the Belk men’s store off Parkside Drive.

The route will have participants turning right out of the parking lot at Belk’s and running along one lane of Parkside Drive roughly one mile west to N. Campbell Station Road. From there, participants will use the sidewalk and head north on N. Campbell Station Road turn right onto Campbell Lakes Drive (using a portion of the street), go around the Wild Wings Restaurant lake, and then proceed to access the Parkside Drive Greenway that abuts the interstate. Participants will proceed east along the Greenway and take a side trail from the Greenway back to the Belk parking lot to finish the course.

Portable restrooms and one water station will be provided, and volunteers will be responsible for defining the race route and cleaning up after the event. The Knox County Sheriff’s Department will help provide traffic control and a nurse will be present for any medical issues.

RECOMMENDATION: Staff recommends approval of the event subject to proper notification to any affected entities, the provision of adequate traffic control, and a deposit of $500 being provided to the Town which will be refunded if no damage (e.g. paint markings on the course) occurs to public infrastructure. As noted above, the applicant is proposing to use volunteers to mark the course.

PROPOSED MOTION: To approve an Event Application on April 18, 2020 involving use of the Town’s public rights of ways and pedestrian facilities for the Forget Me Not 5K for Alzheimer’s benefitting the Pat Summit Clinic

REPORT TO THE BOARD OF MAYOR AND ALDERMEN

PREPARED BY: David Smoak, Town Administrator

SUBJECT: Consideration of Resolution R-2020-02: a resolution to Amend and Reinstate the Growth Policy Plan between Knox County, the Town of Farragut and City of Knoxville

INTRODUCTION: The purpose of this agenda item is to consider Resolution R-2020-02: a resolution to amend and reinstate the Growth Policy Plan between Knox County, the Town of Farragut and City of Knoxville.

BACKGROUND: The Tennessee General Assembly approved Public Chapter 1101 in 1998. This Act established that each county in Tennessee reach agreement with all of the municipalities within their boundaries in developing a growth policy plan. That plan developed urban growth boundaries for future annexation and land use plan designations for future growth throughout Knox County.

DISCUSSION: The Knox County Growth plan had not been amended since its inception in 2001. In February 2019, Knox County requested to reconvene the Knox County Growth Plan Committee to review amendments to the growth policy plan. After several public meetings, the Growth Policy Plan Committee recommended approval of the amendment to the growth policy plan on September 30, 2019, which deleted sections 3.2-3.6 of the current policy and inserts a new Section 3.2 which states:

Rezonings in the Rural Area shall be consistent with and controlled by the applicable Sector Plans as adopted by the Metropolitan Planning Commission and Knox County Commission.

Tennessee Code Annotated Section 6-58-104(a)(4) states that:

Not later than one hundred twenty (120) days after receiving the recommended growth plan, the county legislative body or municipal governing body, as the case may be, shall act to either ratify or reject the recommended growth plan of the coordinating committee. Failure by such county legislative body or any such municipal governing body to act within such one hundred twenty-day period shall be deemed to constitute ratification by such county or municipality of the recommended growth plan.

The 120-day period for acting on the growth plan will expire at the end of January 2020. If the Board of Mayor and Aldermen approve the amendment or do not act on the recommendation of the growth plan committee by the end of the month it will be ratified and sent to the Tennessee Secretary of State’s office for ratification. If the Board of Mayor and Aldermen reject the amendment, then pursuant to TCA 6-58-104(a)(5), the “municipality shall submit it objections, and the reasons therefor, for resolution in accordance with subsection b”. TCA 6-58-104(b) provides that if the growth plan is rejected, the coordinating committee shall reconsider its action and the growth policy committee may recommend a revised growth plan to Knox County, the City of Knoxville and the Town of Farragut. If the recommended growth plan or revised plan are rejected again by the legislative bodies an impasse may be declared to the Tennessee Secretary of State to provide a dispute resolution panel resolve the matter.

PROPOSED MOTION: To approve Resolution R-2020-02, to amend and reinstate the growth policy plan between Knox County, the City of Knoxville and the Town of Farragut.

Subj.: Knox County Comprehensive Growth Plan
        Dispute Resolution Process
        Docket No. 46.00-010725J

The City of Knoxville declared an impasse with Knox County on July 25, 2000, with respect to the adoption of an urban growth plan for the county. In accordance with T.C.A., §6-58-104(b)(1)&(2), the City of Knoxville notified the Secretary of State of the impasse and requested that he refer the matter to the Administrative Procedures Division for resolution in accordance with the statute. At the request of the parties, I assigned a three-judge panel to resolve the matter.

The parties reached a settlement through mediation on December 7, 2000, and refined the agreement through subsequent discussions. Their respective legislative bodies then approved a comprehensive growth plan. By letter of April 17, 2001, Knox County submitted the attached copies of the growth plans between Knox County and the City of Knoxville and between Knox County and the Town of Farragut. With the parties’ resolution of the impasse, I am forwarding the comprehensive growth plan to your committee for its consideration. Our office will remove the matter from our active case list.

Thank you for consideration of this plan.

Enclosures
WHEREAS, the Town and the County intend in this agreement to embody each and every term of their agreement.

NOW, THEREFORE, in consideration of the mutual covenants and agreements hereinafter stated, the County and Town do hereby agree and manifest their intentions as follows:

1. SPHERE OF INFLUENCE.

The "sphere of influence" of each respective local government is recognized as important. Knox County has the entire county as its sphere of influence, especially in the non-incorporated area. The sphere of influence for the Town of Farragut is the municipality itself, as it may change from time to time, and the territory most adjacent to its borders. The sphere of influence for Knoxville is the municipality itself, as it may change from time to time, and the territory most adjacent to its borders. To best address this issue and bring order to a process of future modifications in the approved Plan, a division of the non-incorporated territory in Knox County is made for each city. The dividing line agreed to is as follows:

Beginning at the Anderson County line, following Pellissippi Parkway south to its intersection with Lovell Road; thence, south along Lovell Road to the beginning of Canton Hollow Road; thence, south along Canton Hollow Road to its end, thence due south to the Blount County line in the Tennessee River/Fort Loudon Lake, and then following the Blount County line in a generally westerly direction to the Loudon County Line.

The area west and north of this line is placed in the Farragut Division, and the land east and south of this line is placed in the Knoxville Division. This division is used for making future modifications in the Plan as outlined below, to the extent permitted by law.

2. RURAL DESIGNATION

The Rural Area designated is not proposed to be altered from that proposed by the Coordinating Committee. The Coordinating Committee stated that "land use" in the Rural Area would be governed by permitted uses in various zoning classifications. Rezoning of property and changes in land use under certain conditions were outlined in the Plan developed by the Coordinating Committee. However, because the Knox County Commission may modify permitted uses in any zone classification or develop new zone classifications, it is unclear how these changes should be made in the Rural Area. Thus, it is agreed that any such amendments to the Knox County Zoning Ordinance that apply to property within the Rural Area must first be approved by resolution by the respective municipal legislative body within its sphere of influence.
The parties agree that this approval is needed only for land use in the Rural Area and not for land use decisions within the Planned Growth Area, the city limits of the two municipalities, or the Urban Growth Boundary Area. The provisions of this paragraph shall apply only to relevant proposed amendments to the text of the Knox County Zoning Ordinance. The provisions of this paragraph shall not apply to decisions to rezone property by the Knox County Commission.

3. ALTERATION OF APPROVED GROWTH PLAN.

To the extent permitted by state law, the Town and the County agree to the following process for altering the Growth Plan within the Town’s Sphere of Influence as denominated above, subsequent to the running of the statutory three-year period prohibiting alterations to the Plan (except upon a showing of extraordinary circumstances). Proposed changes in the conditions approved in the Plan or changes in the boundary line for a Rural Area, Planned Growth Area or Urban Growth Boundary area can be initiated by resolution by any local legislative body. The proposed change shall be reviewed by the Coordinating Committee. Within 120 days after receipt of the resolution, the Coordinating Committee shall make a recommendation to the two respective legislative bodies of the Town and the County for areas within Farragut’s designated Sphere of Influence. The Coordinating Committee may use the staff of the MPC and/or the Town to assist in its work. Members of the Coordinating Committee from various organizations shall be appointed by the board of directors of their respective organizations as required by Chapter 1101. The Coordinating Committee shall conduct at least two public hearings as required by Chapter 1101. Not later than sixty (60) days after receiving the recommendation of the Coordinating Committee on the proposed change, the Knox County Commission and the Farragut Board of Mayor and Aldermen shall act to ratify or reject the recommendation of the Coordinating Committee. The recommendation of the Coordinating Committee may be modified by the two respective legislative bodies or in a negotiated agreement that is approved by resolution. Once the Coordinating Committee has made its recommendation on the proposed amendment to the Growth Plan the procedure for final approval of the amendment shall be the same as the procedures in TCA §6-58-104 for establishing the original plan; except that once a recommendation of the Coordinating Committee on the amendment is rejected, reconsideration by the Coordinating Committee as contemplated by TCA §6-58-104(a)(5) and (b)(1) shall not be required, and upon such rejection either party may declare an impasse and request the Secretary of State to provide an alternate method for resolution of the dispute related to the amendment. The resolution procedures and approval requirements of TCA §6-58-104 shall otherwise govern the proposed amendment to the Growth Plan. The parties agree to the appointment of a single administrative law judge.
4. URBAN GROWTH BOUNDARY

A. Subject to the three exceptions to the City of Knoxville Urban Growth Boundary ("UGB") identified in paragraphs B and C below, the Town and the County approve and adopt in its entirety the Growth Plan developed and approved by the GPCC, which is attached hereto as Exhibit A and incorporated by reference.

B. The Town and the County agree that the highlighted areas identified on Exhibit B and Exhibit C, attached hereto, will be excluded from the City of Knoxville’s UGB and added to the County’s Planned Growth Area (PGA). The final boundary of the UGB and the PGA shall be changed accordingly.

C. The Town and the County agree that the highlighted areas identified on Exhibit D, attached hereto, will be excluded from the County’s PGA and included within the City’s UGB. The final boundary of the PGA and UGB shall be changed accordingly.

5. JOINT ECONOMIC AND COMMUNITY DEVELOPMENT BOARD

In compliance with the provisions of TCA §6-58-114(a) and (b), the Town shall have the right to appoint an individual to a non-voting seat on the Board of Directors of the Knox County Development Corporation ("KCDC"). The Town’s appointee shall be recognized and allowed to speak as any other Board member, but shall have no vote on any issue before the Board. The Town has voluntarily elected not to have voting members on the Board of the KCDC as contemplated by TCA §6-58-114. Knox County agrees that the Town of Farragut may, upon giving the County Executive of Knox County ninety (90) day’s written notice, elect to have voting representation on the KCDC Board, under the same terms and conditions as agreed to by the City of Knoxville in its Growth Plan Agreement with Knox County.

6. DURATION, EFFECT, and AMENDMENT

This Agreement shall be in full force and effect for an initial term from its execution by the parties hereto, and shall remain in full force and effect through either the repeal of the Act to the extent the law no longer requires a Growth Plan, or December 31, 2007, whichever occurs first. Provided that the law requires Growth Plans, this Agreement shall be renewed automatically for successive one-year terms unless one of the parties gives written notice of non-renewal ninety (90) days prior to the expiration of the then current term. The parties agree that each term of this Agreement is specifically enforceable in the event of a breach by the other party. The parties agree that an action to enforce the terms of this Agreement shall be brought in the Chancery Court for Knox County, Tennessee. The parties further agree that, to be enforceable, any amendment to this Agreement must be in writing and must be authorized by the Farragut Board of Mayor and Aldermen and the Knox County Commission by resolution.
IN WITNESS WHEREOF, the Chief Executive or Mayor and Clerk of each party have hereunto affixed their official signatures all as of the date herein first mentioned.

INTRODUCTION

Public Chapter 1101, the new Tennessee growth management law, requires city and county governments to prepare a 20 year Growth Plan for each county. At a minimum, a growth plan must identify three classifications of land:

- Rural areas. Rural areas are to include land to be preserved for farming, recreation, and other non-urban uses.

- Urban growth boundaries (UGB’s). UGB’s must be drawn for all cities and towns. The land within the UGB must be reasonably compact but adequate to accommodate all of the city’s expected growth for the next 20 years.

- Planned growth areas (PGA’s). PGA’s must be reasonably compact but large enough to accommodate growth expected to occurring unincorporated areas over the next 20 years.

The Knox County Growth Policy Coordinating Committee has been formed pursuant to the new law. The law encourages cities and counties to cooperate in preparation of the plan, and directs the Coordinating Committee to give due consideration to any proposals submitted in a timely manner by the local governments. The Committee has prepared a plan and recommends its adoption by the governing bodies of Knoxville, Knox County and Farragut. Several public meetings and hearings were held to obtain the views of citizens. The recommended plan represents the best efforts of the coordinating committee to prepare a plan that meets the requirements of the law, responds constructively to the proposals submitted by Knox County, Knoxville, Farragut and Oak Ridge, and embodies the input of citizens.
Background Information/
Local Context

TN Public Chapter 1101 applies to all Tennessee counties, with the exceptions of counties with a metropolitan form of government (Davidson) and charter counties where legally binding annexation agreements have been determined to meet the purposes of the law (Shelby). The vast majority of the remaining Tennessee counties are largely rural in character. Knox County’s situation is much different. Here are some characteristics that influenced the development growth plan for Knox County:

- Knox County is densely populated, compared to surrounding counties. Based on 1998 U.S. Census Bureau population estimates, Knox County averaged 721 persons per square mile, up from 660 in 1990 and 632 in 1980. The U.S. Census Bureau considers densities of over 1,000 persons per square mile as urban. Surrounding counties have densities ranging from 71 persons per square mile in Grainger County to 211 in Anderson County. (These calculations do not include water area.)

- Despite the relatively dense population, there are only two incorporated municipalities in Knox County, the City of Knoxville and the Town of Farragut.

- Historically, more people lived in incorporated areas until sometime in the 1990’s. In 1998, 50% of the population lived in the unincorporated area.

- Knox County and Knoxville have created the Knoxville-Knox County Metropolitan Planning Commission, a regional planning body that provides planning and zoning services to both governments. Farragut has its own Municipal Planning Commission. All three governments have zoning and subdivision ordinances and ongoing comprehensive planning programs which can substantially address the planning and growth management objectives of Public Chapter 1101.

- There are a total of 6 utility districts providing sanitary sewers. Decisions on extension of sanitary sewers are one of the most important tools in managing growth. In Knox County, the decision to extend sanitary sewer service is made by the utility providers, not the City or County government.

- Most of the vacant land in the county is zoned Agriculture (A). This Knox County zoning designation allows a wide range of agricultural uses, but also permits residential development on lots as small as one acre. In contrast, the City of Knoxville’s agricultural zone prohibits the creation of new residential lots of less than 10 acres in the City’s A-1 (Agriculture) zone.

- Annexation policy, which is at the core of Public Chapter 1101, is a very divisive issue in Knox County.

- About one half of the land in Knox County is vacant or in agricultural uses. Most observers agree that the “easy” land has already been developed, and much of what remains is characterized by steep topography, other environmental limitations, or inadequate infrastructure.
The Growth Policy Coordinating Committee was formed in late 1998. An organizational meeting was held on December 12 of that year. The Committee held 37 additional meetings during 1999, and continued working in 2000. All meetings were open to the public. Three public hearings were held. Public comment sessions were included in many of the other meetings, and in some cases public comment accounted for the majority of the meeting. Several meetings were preceded by a tour of the proposed growth boundaries of different sections of the county, and business meetings, including public comment sessions, were then held at public locations in the areas studied. In addition to the Coordinating Committee’s public meetings, at least 26 additional meetings, all open to the public, were held by Knox County, Knoxville and Farragut.

One of the early meetings included a briefing by Metropolitan Planning Commission staff on development trends, adopted plans, and concepts contained in Public Chapter 1101. A number of subsequent meetings featured testimony by various providers of public services and facilities, including utility districts, public safety officials, city and county departments, and Town of Farragut staff.

The Committee received growth plan proposals from the Knox County Commission, the Knox County Executive, the Town of Farragut, the City of Knoxville, and the City of Oak Ridge. Oak Ridge is located in Anderson County. The Oak Ridge proposal, which included about 1,000 acres of the Solway community in the Oak Ridge urban growth boundary (UGB), was voted down quickly. Farragut’s proposal, which included an urban growth boundary of less than one square mile, was approved. The remaining three proposals were very far apart on the issue of Knoxville’s urban growth boundary. County Commission proposed no urban growth boundaries and would limit rural areas to selected public properties. The County Executive’s proposal limited Knoxville to 3 square miles of new development within the urban growth boundary and 9 square miles of infill within the existing city. In contrast, the City of Knoxville’s initial UGB proposal included 39 square miles of vacant land for new development and a total area, including already developed land, of 116 square miles, eventually more than doubling the size of the City.

The Committee went through a process of reviewing different combinations of densities, housing types, population projections and market adjustment factors (explained in Section 3). They eventually endorsed a minimum 16 square miles of vacant, environmentally unconstrained land in the urban growth boundary for Knoxville and a minimum 23 square miles of vacant unconstrained land in the Knox County planned growth area.

Next, alternative maps were prepared, showing proposed urban growth boundaries, planned growth areas, and rural areas. Several refinements and compromises were made. The map and policies were finalized after two public hearings in mid December.

The remainder of this report consists of four parts. Section 1, The Growth Policy Plan, presents goals, policies, a Growth Policy Map, and other recommendations. Section 2, Land Capability Analysis, contains maps and exhibits that show the remaining supply of developable land. This section also provides background information regarding land use and environmental constraints. Section 3, Development Trends and Projections, summarizes development and population trends, and presents projections of future land requirements. Section 4 summarizes relevant plans adopted by local governments. Section 5 summarizes the cost of service provision analyses for Farragut, Knoxville and Knox County. The Appendices include various technical background data and a summary of the public participation process.
SECTION 1

Recommended Growth Plan

The Knox County Growth Policy Coordinating Committee worked for over a year to develop a plan that complies with Public Chapter 1101, Tennessee's annexation and growth management law. This plan, which the Coordinating Committee has recommended for adoption by the governing bodies of Knox County, Knoxville, and Farragut, is the result of careful consideration of proposals put forward by the three local governments, citizens, community groups and business people. The plan is based on the requirements of Public Chapter 1101; a thorough analysis of existing conditions and trends in land use, population and the natural environment; and input by citizens and detailed testimony by a wide variety of governmental service providers, including city and county departments, utility districts, emergency services and the school board.

This section contains the policy recommendations of the coordinating committee, presented in written and graphic form. The remaining sections of the document provide background information used to develop the plan.

Growth Policy Map

The Growth Policy Map (follows page 6) shows the recommended Rural and Planned Growth Areas for unincorporated portions of Knox County and Urban Growth Boundaries for Farragut and Knoxville. Knoxville's Urban Growth Boundary contains 47.5 square miles; Farragut's Urban Growth Boundary contains one square mile; the Planned Growth Area contains 147 square miles; and the Rural Area contains 216 square miles (see Appendix D for more details and percentages).

Goals

The following goals have been adapted from TN Public Chapter 1101:

- Encourage a pattern of compact and contiguous development to be guided into urban areas and planned growth areas;
- Establish an acceptable and consistent level of public services and community facilities and ensure timely provision of those services and facilities;
- Promote the adequate provision of employment opportunities and the economic health of the region;
- Conserve features of significant statewide or regional architectural, cultural, historical, or archaeological interest;
- Protect life and property from the effects of natural hazards, such as flooding;
- Take into consideration such other matters that may be logically related to or form an integral part of a plan for the coordinated, efficient and orderly development of the local community; and
- Provide for a variety of housing choices and assure affordable housing for future population growth.

Policies

1. The Rural, Planned Growth, and Urban Growth Boundary designations of this plan shall not impair the rights of a landowner to lawfully use property in accordance the provisions of the Zoning Ordinances of Knoxville, Knox County, and Farragut.
2. Rezoning decisions shall be consistent with the Growth Plan Map and policies.
3. The following policies shall apply in the Rural Area:
   3.1 The Knox County Zoning Ordinance and Zoning Map shall determine land uses permitted in the Rural Area. The rural designation shall not impede the right of a property owner to use or develop the property for a purpose permitted by that property's zoning. A land use listed in the
Zoning Ordinance as a “use on review” may be approved by the Planning Commission if they find that the proposed development complies with all applicable standards in ordinance.

3.2 Rezoning within the Rural Area shall be limited to the following zoning districts: Agricultural (A), Estate (E), Open Space (OS), Floodway (F), Planned Residential (PR) at densities up to two (2) dwelling units per acre based on the site’s environmental characteristics and Health Department determination of septic system capability (with exceptions noted in #3.3 & #3.5 below), Transition (T), Historic Overlay (H), Planned Commercial (PC), subject to the conditions listed below in #3.4, and Light Industrial (L) and (I), subject to the conditions listed below in #3.6. By February 1, 2001, MPC shall deliver recommended text of new Planned Business/Industrial Park, Neighborhood Commercial and Rural Community Commercial zoning districts to County Commission for legislative action. Upon the enactment of these zoning district regulations, these new zones shall replace the PC, LI and I zones in the preceding list of zones.

3.3 Rezoning on slopes of 25 percent or more shall be limited to the following zoning districts: Open Space (OS), Estate (E) and Planned Residential (PR) at densities of one (1) dwelling unit per two or more acres. Rezonings on slopes of 15 to 25 percent shall be limited to zoning districts which have a minimum one (1) acre lot size, Agriculture (A), Estate (E), Open Space (OS), and Planned Residential (PR) on lots of one (1) or more acres are appropriate.

3.4 In rural areas, rezoning to Planned Commercial (PC) shall only be approved for commercial uses or services needed to serve rural area residents, such as food markets, convenience stores, gasoline service stations and professional or business offices. A site plan shall be reviewed and approved by the Metropolitan Planning Commission concurrently with any rezoning to Planned Commercial in the Rural Area. Such commercial facilities and rezoning shall be consistent with the Sector Plans adopted by the planning commission.

3.5 Extensions of low density residential development (densities of 1 to 3 dwelling units per acre) into the rural area shall be limited to the following conditions: (a) the property must be zoned Planned Residential (PR); (b) provision of sanitary sewer and public water services; (c) connecting collector and arterial roads from the proposed development to the Urban Growth Boundary or Planned Growth Area which meet the standards of the Knox County Engineering and Public Works Department or its successor; and (d) a traffic impact analysis demonstrating to the satisfaction of the planning commission that the effect of the proposed and similar developments in the traffic analysis zone will not unreasonably impair traffic flow along the arterial roads through the adjacent Planned Growth Area. The intent of this section is to allow extensions of low density residential development into rural areas when urban services (sanitary sewer, water, and adequate roads) become available. These areas should be reclassified “Planned Growth” when the growth plan is periodically revised and amended.

3.6 Land within the Rural Area may be rezoned for business parks or industries only under the following conditions:

a.) The rezoning is consistent with the applicable Sector Plan. The Sector Plan may be amended upon recommendation of the Metropolitan Planning Commission in accordance with provisions of state law regarding adoption and amendment of regional plans.

b.) Wetlands, floodways, streams, or hillside lands with pre-development slopes of 16% or greater, as defined in Section 82-30 of the Knoxville-Knox County Subdivision
Regulations shall not be rezoned for industrial or commercial use.

c.) The rezoning application must include deed restrictions which specify permitted land uses and to create design standards for landscaping, architecture, drainage, utilities and transportation access. These restrictions shall be similar to those recorded for East bridge Business Park and in effect as of December 1, 1999. If the rezoning is approved, these deed restrictions, with any changes required by the Planning Commission or County Commission, shall be filed prior to approval of the rezoning by County Commission.

d.) In the event that the Knox County Commission adopts zoning regulations permitting conditional zoning, approval of a conditional rezoning subject to the above referenced standards may substitute for the filing of deed restrictions.

e.) These areas shall be reclassified “Planned Growth” when the growth plan is periodically revised and amended.

4. In Planned Growth Areas, the following policies shall apply:

4.1 The purposes of the Planned Growth Area designation are to encourage a reasonably compact pattern of development, promote expansion of the Knox County economy, offer a wide range of housing choices, and coordinate the actions of the public and private sectors, particularly with regard to provision of adequate roads, utilities, schools, drainage and other public facilities and services.

4.2 Planned Growth Areas may include any land use or development permitted by the Knox County Zoning Ordinance.

4.3 Rezonings in the Planned Growth Area shall be consistent with the applicable Sector Plan adopted by the Metropolitan Planning Commission.

4.4 After receiving a recommendation from the Planning Commission, the County Commission may amend the Sector Plan if it finds that there has been a change in conditions warranting the amendment.

4.5 The purposes of the Planned Growth Area designation are to encourage a reasonably compact pattern of development, promote expansion of the Knox County economy, offer a wide range of housing choices, and coordinate the actions of the public and private sectors, particularly with regard to provision of adequate roads, utilities, schools, drainage and other public facilities and services.

5. In Urban Growth Boundaries, the following policies shall apply:

5.1 The purposes of the Urban Growth Boundary designation are to encourage a reasonably compact pattern of development, promote expansion of the Knoxville-Knox County economy, offer a wide range of housing choices, and coordinate the actions of the public and private sectors, particularly with regard to provision of adequate roads, utilities, schools, drainage and other public facilities and services.

5.2 In Urban Growth Boundaries, any land use permitted in the Zoning Ordinance of the appropriate jurisdiction shall be permitted, subject to all requirements of that jurisdiction. Rezonings in the Urban Growth Boundaries shall be consistent with the applicable Sector Plan adopted by the Metropolitan Planning Commission or the Farragut Land Use Plan, as appropriate or one created hereafter in Knox County under provisions of state law.

6. No municipalities other than Farragut, Knoxville or one created under provisions of state law will be allowed to designate urban growth boundaries in Knox County.

7. Official determinations of the location of the Urban
Growth Boundaries, Planned Growth Area boundaries, or Rural Area boundaries shall be made by the chief zoning enforcement officer of Farragut, Knoxville and Knox County, as appropriate, using the following standards:

7.1 Boundaries which appear to follow lot, parcel or property lines on the Official Growth Plan map shall be interpreted to coincide with such lines. If a lot or parcel appears to be split by a boundary, then its classification shall be determined as being the classification which accounts for the largest percentage of area within the lot or parcel. For example, if a parcel is split by the boundary between a rural area and a planned growth area, and the majority of the parcel is in the rural area, then the entire parcel shall be classified as rural.

7.2 Boundaries which appear to follow roads or railroads shall be interpreted to coincide with the right of way lines. When a section of road or railroad right of way abuts an urban growth boundary, that section of right of way shall be designated as being entirely within that urban growth boundary*. A section of right of way abutting both a planned growth area and a rural area shall be designated as being entirely within the planned growth area.

7.3 When an urban growth boundary appears to follow a body of water designated by a solid or intermittent blue line on the most recently published United States Geological Survey (USGS) topographic quadrangle map, then all of that portion of the waterway contiguous to the boundary shall be designated as being entirely within the urban growth boundary.

7.4 When there is uncertainty as to the location of an urban growth boundary then the planning commission with jurisdiction over the boundary creating the uncertainty shall determine the location of the boundary.

*In the adopted plan, dated January 12, 2000, there are two exceptions to this provision: (1) Lyons Bend Road, south of Northshore Drive and (2) Ducttown Road is not included in the Urban Growth Boundary.

Other Recommendations

These recommendations address significant policy issues raised during the Coordinating Committee’s yearlong planning process:

1. A standing Growth Policy Coordinating Committee should be in place at all times, so that, if the plan is to be amended, time will not be lost making appointments.

2. The Growth Policy Plan should be periodically reviewed and, if warranted by changed conditions, amended. This review should occur every 3 years, beginning with the third anniversary of the effective date of the Plan.

3. The Knox County Joint Economic and Community Development Board required by Public Chapter 1101 should be utilized to coordinate an economic development strategy that will guide the Knoxville-Farragut-Knox County community in presenting a unified front in the economic development arena.

4. Regulatory obstacles to “smart growth” should be identified and addressed.

4.1 The City of Knoxville’s recent adoption of a Traditional Neighborhood Development Ordinance, which allows developers to create compact, pedestrian oriented, mixed-use neighborhoods as an alternative to suburban sprawl, is an example. Other possible regulatory reform initiatives include:

4.2 Incentives to encourage rural cluster development, whereby rural landscape features are preserved by allowing concentration of development on a relatively small part of a rural site. This could be based on a modified form of the existing Open Space (OS) zoning district.

4.3 Reduced parking requirements for developments that are designed to encourage pedestrian, transit, or bicycle transportation.

4.4 A review of zoning ordinances and adopted plans to identify other opportunities to incorporate smart growth principles.
5. One of the most effective approaches for reducing urban sprawl could be to further revitalize the inner city, as proposed in the *Heart of Knoxville Empowerment Zone Plan*.

6. Environmental resources.
   6.1 Local zoning ordinances should be revised to include overlay zones or site plan review provisions that would create and enforce environmentally sound standards for development on hillsides or other steeply sloping lands. Hillside protection ordinances (a) to limit the intensity of new development on hillsides, and (b) to preserve trees and ground cover as part of development processes. These regulations are needed to manage forest resources during development, protect habitat, prevent erosion, preserve aesthetic resources, maintain water quality and avoid flooding.

6.2 Erosion and sediment control regulations should be strictly enforced.

6.3 Water quality issues should be addressed at the watershed level. If a watershed is split by city/county boundaries, intergovernmental agreements should be formulated to ensure a cooperative approach to watershed management. Storm water runoff “best management practices”, such as retention of natural vegetation as buffers along streams, should be utilized.

6.4 Greenways have been proposed along many streams and floodways. Consideration should be given to the annual use of a portion of local tax revenue to acquire greenway space and to serve as a match to other funds available for this purpose.

6.5 Springs often form the head waters of many tributaries. They have some of the most pristine water that can be found in Knox County. As such they are occasionally used as well heads and have unique biological habitat. The local governments should identify and map springs and develop standards to protect them, including prohibition of chemical applications and the conservation of natural vegetation within a reasonable distance of springs.

6.6 The Karst terrain of Knox County, created by limestone and dolomite geologic formations, is characterized by sinkholes and caverns. The local governments should continue to work with the Federal Emergency Management Agency to identify the flood limits around sinkholes. In areas known to be subject to flooding, regulations should be put in place to have a hydrologist or engineer map the potential flood areas so that the habitable portions of buildings can be kept out of harm’s way.

6.7 The local governments should work with state and federal biologists to identify where there are critical habitats for endangered species and develop local programs to set aside open space in those areas.

7. Significant wetlands should be mapped and protected through zoning regulations.

8. Regional planning efforts, such as the Regional Transportation Alternatives Committee (RTAC) and Nine Counties, One Vision projects should be encouraged and supported.

Knoxville-Knox County Growth Policy Plan Map
REPORT TO THE BOARD OF MAYOR AND ALDERMEN

PREPARED BY: David Smoak, Town Administrator

SUBJECT: Ordinance 20-01, Second Reading, to add Title 5, Municipal Finance and Taxation, of the Farragut Municipal Code, by adding Chapter 1, Hotel/Motel Tax

INTRODUCTION: The purpose of this agenda item is to approve Ordinance 20-01, which would implement a municipal Hotel/Motel Tax for all hotels located within the Town of Farragut.

BACKGROUND: The Town of Farragut began its tourism program with the hiring of a part-time tourism coordinator. The goal of the tourism program is to increase the number of tourists and visitors coming to the Farragut community by spending money at our hotels, restaurants, shops and utilizing our public facilities. In order to run an effective program, it will take a significant investment by the Town to market to visitors and improve amenities that will draw those visitors to Farragut.

The Board of Mayor and Aldermen have had a priority in their strategic plan on developing a funding mechanism for tourism development since 2010. A common funding plan that many cities and counties across Tennessee and the United States utilize is a hotel-motel tax that visitors pay based on the rental rate when they stay the night in a hotel.

The Tennessee General Assembly approved HB1492/SB1503 in April 2018, which amends TCA 67-4-1425 and authorizes the Town of Farragut to levy a privilege tax on the occupancy of any hotel located with the Town of Farragut in an amount not to exceed 4% of the rate charged to the customer by the operator of the hotel. For this authorization to occur, the Board of Mayor and Aldermen are required to adopt an ordinance by two-thirds (2/3) vote of the governing body and the proceeds from this tax must be used for tourism development.

DISCUSSION: Ordinance 20-01 was approved on first reading and would authorize the Town to implement a hotel tax of up to 3.0% of the room rent rate to visitors on a per night basis. All funding received from the tax must be used for tourism development. If a transient stays at a hotel for more than 30 consecutive days, they would not be required to pay the tax. Hotels would be required to collect and remit payment to the Town by the 20th day of each month for the preceding month or delinquent taxes would be owed. The effective date of the ordinance would be March 1, 2020.

There are two attachments to this report that discuss tourism development and plans for the Town’s tourism program: Attachment A – Ordinance 20-01, Attachment B – BMA Workshop report from December 11, 2019 with revised budget based on BMA feedback at the meeting.

FINANCIAL SECTION: There are currently 9 hotels with 725 rooms located off the I-40 interchange with Campbell Station Road. Revenue estimates of a potential 3.0% hotel tax would be between $339,810-$468,938 per year. The Town will develop a separate Tourism Fund to track both revenues and expenditures. Expenditures include personnel costs, marketing and advertising, event planning and office operations for a total estimated cost of $276,600. Any remaining funds available would be placed in tourism fund balance to be used for future capital or operational expenditures.

STRATEGIC PLAN: The Town of Farragut strategic plan lists as a Critical Success Factor to Enhance the Town’s Financial Position with a priority initiative of establishing a dedicated funding mechanism for tourism,
marketing and capital infrastructure investment. Approval of Ordinance 20-01 would be consistent with the Town’s strategic plan.

RECOMMENDATION BY: The Town of Farragut Tourism/Visitor Advisory Committee on September 10, 2019 recommended the Town implement a 3% hotel tax for tourism development. Town Administrator David Smoak also recommends approval.

PROPOSED MOTION: To approve Ordinance 20-01 on second reading, to add Title 5, Municipal Finance and Taxation, of the Farragut Municipal Code, by adding Chapter 1, Hotel/Motel Tax

AN ORDINANCE OF THE TOWN OF FARRAGUT, TENNESSEE

WHEREAS, the Board of Mayor and Aldermen of the Town of Farragut, Tennessee, wishes to add Title 5, Municipal Finance and Taxation, by adding Chapter 1, Hotel/Motel Tax, of the Farragut Municipal Code.

NOW, THEREFORE, BE IT ORDAINED by the Board of Mayor and Aldermen of the Town of Farragut, Tennessee, that the Farragut Municipal Code is hereby amended as follows:

SECTION 1.

The Farragut Municipal Code, Title 5. Municipal Finance and Taxation, is amended by adding Chapter 1. Hotel/Motel Tax as follows:

CHAPTER. - HOTEL/MOTEL TAX

5-101. Short title.
5-102. Definitions.
5-103. Levy of tax authorized.
5-104. Disposition of tax.
5-105. Collection and refund.
5-106. Remittance of tax.
5-108. No advertising of rebates.
5-109. Delinquent taxes—Interest and penalty.
5-110. Records—Inspection.
5-111. Administration and enforcement.
5-112. Deposits of funds.
5-113. Severability clause.
5-101. Short title.
This chapter shall be known and cited as the Town of Farragut Hotel/Motel Tax Ordinance.

5-102. Definitions.
As used in this chapter, unless the context otherwise requires:

(1) Consideration means the consideration charged, whether or not received, for the occupancy in a hotel valued in money whether to be received in money, goods, labor or otherwise, including all receipts, cash, credits, property and services of any kind or nature without any deduction therefrom whatsoever; provided, however, nothing in this definition shall be construed to imply that consideration is charged when the space provided to the person is complimentary from the operator and no consideration is charged to or received from any person.

(2) Hotel means any structure, or any portion of any structure, which is occupied or intended or designed for occupancy by transients for dwelling, lodging or sleeping purposes, and includes any hotel, inn, tourist camp, tourist court, tourist cabin, motel or any place in which rooms, lodgings, or accommodations are furnished to transients for a consideration.

(3) Occupancy means the use or possession, or the right to use or possession, of any room, lodgings, or accommodations in any hotel.

(4) Operator means the person operating the hotel whether as owner, lessee, or otherwise.

(5) Person means any individual, firm, partnership, joint venture, association, social club, fraternal organization, joint stock company, corporation, estate, trust, receiver, trustee, syndicate, or any other group or combination acting as a unit.

(6) Transient means any person who exercises occupancy or is entitled to occupancy for any rooms, lodgings or accommodations in a hotel for a period of less than thirty (30) continuous days.

5-103. Levy of tax authorized.
As authorized by Tenn. Code Ann. 67-4-1401, et seq., the board of mayor and aldermen of the Town of Farragut does hereby levy upon the occupancy in any hotel of each transient a privilege tax of 3.0% of the consideration charged by the operator. Such tax is a privilege tax upon the transient occupying such room and is to be collected as provided in this chapter.

5-104. Disposition of tax.
The proceeds received by the Town of Farragut shall be used for tourism development.

5-105. Collection and refund.
(1) Such tax shall be added by each and every operator to each invoice prepared by the operator for the
occupancy of the hotel and given directly or transmitted to the transient. Such tax shall be collected by such operator from the transient and remitted to the town.

(2) When a person has maintained occupancy for 30 continuous days, that person shall receive from the operator a refund or credit for the tax previously collected from or charged to him, and the operator shall receive credit for the amount of such tax if previously paid or reported to the Town of Farragut.

5-106. Remittance of tax.

The tax hereby levied shall be remitted by all operators who lease, rent or charge for any rooms, lodgings, spaces or accommodations in hotels within the town to the Town Recorder, such tax to be remitted to such officer not later than the 20th day of each month for the preceding month. The operator is hereby required to collect the tax from the transient at the time of the presentation of the invoice for such occupancy whether prior to occupancy or after occupancy as may be the custom of the operator, and if credit is granted by the operator to the transient, then the obligation to the town entitled to such tax shall be that of the operator.

The Town Recorder shall be responsible for the collection of such tax. A monthly tax return under oath shall be filed with the Town Recorder by the operator with such number of copies thereof as the Town Recorder may reasonably require for the collection of such tax. The report of the operator shall include such facts and information as may be deemed reasonable for the verification of the tax due. The form of such report shall be developed by the Town Recorder and approved by the Board of Mayor and Aldermen prior to use. The Town Recorder may audit each operator in the town at least once per year and report on the audits made to the Board of Mayor and Aldermen. The Board of Mayor and Aldermen is hereby authorized to adopt ordinances to provide reasonable rules and regulations for the implementation of the provisions of this chapter.

5-108. No advertising of rebates.

No operator of a hotel shall advertise or state in any manner whether directly or indirectly that the tax or any part thereof will be assumed or absorbed by the operator or that it will not be added to the rent, or that if added, any part will be refunded.

5-109. Delinquent taxes—Interest and penalty.

Taxes collected by an operator which are not remitted to the Town Recorder on or before the due dates are delinquent. An operator shall be liable for interest on such delinquent taxes from the due date at the rate of twelve percent (12%) per annum, and in addition, for a penalty of one percent (1%) for each
month or fraction thereof such taxes are delinquent. Such interest and penalty shall become a part of the tax herein required to be remitted. Each occurrence of willful or knowing refusal of an operator to collect or remit the tax, or willful or knowing refusal of a transient to pay the tax imposed is a Class A misdemeanor, punishable by a civil penalty not to exceed $50.00 per day per offense. The penalty is to be imposed separately for each offense. Each occurrence shall constitute a separate offense. Each occurrence means each day for which there is a failure to collect or remit in the case of an operator, or a failure to pay in the case of a transient.

5-110. Records—Inspection.

It is the duty of every operator liable for the collection and payment to the town of any tax imposed by this chapter to keep and preserve for a period of three years all records as may be necessary to determine the amount of such tax as he may have been liable for the collection of the payment to the town, which records the Town Recorder shall have the right to inspect at all reasonable times.

5-111. Administration and enforcement.

The Town Recorder in administering and enforcing the provisions of this chapter shall have as additional powers, those powers and duties with respect to collecting taxes as provided in Tennessee Code Annotated, title 67, or otherwise provided by law for the county clerks.

1) Upon any claim of illegal assessment and collection, the taxpayer has the remedies provided in Tennessee Code Annotated, Title 67, Chapter 1, Part 9, it being the intent of this chapter that the provision of law which apply to the recovery of state taxes illegally assessed and collected shall also apply to the tax levied under the authority of this chapter. The Town Recorder shall also possess those powers and duties as provided in Tennessee Code Annotated, section 67-1-707, for the county clerks with respect to the adjustment and refunds of such tax.

2) With respect to the adjustment and settlement with taxpayers all errors of taxes collected by him under authority of this chapter shall be refunded by the town. The town recorder shall have the authority to direct the refunding of same. Notice of any tax paid under protest shall be given to the town recorder and any suit brought for recovery of tax paid under protest shall name the town recorder.

5-112. Deposit of funds.

The Town Recorder is hereby charged with the duty of collection of the tax herein authorized and shall place the proceeds of such tax in an account to be used for the purposes as designated by Section 5-104 of this chapter.

5-113. Severability clause.

The provisions of this chapter are hereby declared to be severable. If any of its sections, provisions, exceptions, or parts be held unconstitutional or void, the remainder of the chapter shall continue to be in full force and effect, it being the legislative intent now hereby declared, that this chapter would have been adopted even if such unconstitutional or void matter had not been included herein.
SECTION 2.

This ordinance shall take effect March 1, 2020, the public welfare requiring it.

SUBJECT:  Approval on First Reading of Ordinance 20-02; an ordinance amending Chapter 14 of the Farragut Municipal Code, Nuisances

INTRODUCTION: The amendments of this ordinance provide additional clarity in definitions, consistency in servicing notices of violation and remedial action upon non-compliance, and address elements of the current regulations that are not consistent with State Law.

BACKGROUND: The Town has adopted for many years the International Property Maintenance Code (IPMC) in addition to a number of free-standing municipal ordinances dealing with specific nuisances. Inconsistencies between the IPMC and municipal ordinances have made it difficult for staff to enforce these provisions. The proposed amendments to Chapter 14 of the Farragut Municipal Code address the challenges that have prevented effective enforcement and will allow for a greater degree of automation and consistency in our approach.

Following workshop discussion on December 12, 2019, staff incorporated feedback from the Board of Mayor and Alderman to make further amendments to the chapter.

DISCUSSION: The ordinance amends Chapter 14 of the Farragut Municipal Code by restructuring the chapter and adding new elements from the 2018 IPMC and State Law:

A. Overview

Article 1. General contains general terms that apply to the entire chapter, such as scope, responsibility, and a consolidated section for definitions.

Article 2. Property Maintenance contains several sections, including specific prohibited or unsafe conditions, and is divided into four parts for convenience, and is followed by a fifth division which contains the enforcement process for the entire article. The Town’s current weeds and littering provisions are retained as elements of Division 2.

Article 3. Buildings & Property contains the new division for Structures Unfit for Occupancy or Use as well as the Town’s current Blighted and Deteriorated Properties ordinance. Each division contains its own enforcement provisions according to the sections of State Law from which they are derived.

Article 4. Lot Clearing retains the provisions of the Town’s current Lot Clearing ordinance and has its own enforcement provisions according to the State Law from which it is derived.

B. Summary of Amendments

In General, amendments were made to the chapter title, structure and format in order to create a consistent layout. Second, in all instances of references to the Town, The Town Administrator, measurements, etc. general amendments are made to utilize consistent grammar, capitalization and so forth.

Article 1. The creation of this article allows for general terms that apply to the entire chapter, including a unified definition section. Amendments to the definitions expands the concept of “Litter” to include a new term,
“Junk”, as well as adding a definition for Inoperable Vehicles, Front Yard, Major Recreational Equipment, Dwelling, and broadens the definition of Nuisance to refer to all violations of the chapter.

**Article 2.** First, the article incorporates sections 301, 302, 303, 304, 308, and 309 from the 2018 IPMC, with modifications. Second, the weeds section has been amended to apply to residential and commercial abutting lots. Third, the enforcement section has been modified to make the warning/notice letter optional, according to the Town Administrator’s or his/her designee’s discretion, and has removed the requirement for a specific amount of time in such warning/notice letters. Fourth, the proposed amendment removes a specific amount of time granted in the warning/notice period prior to a court citation being issued, allowing the Town to cite individuals to court immediately upon verifying a violation exists. Fifth, the proposed amendments create a consistent procedure for issuing a warning notice of violation and to whom it can be provided. Lastly, the proposed amendments remove elements of the existing ordinances, which, following past changes in state law, are no longer within the legal authority of municipalities, specifically, past-due balance penalties, and higher fines for repeat violations.

**Article 3.** The creation of this article allows for the new division on Structures Unfit for Occupancy or Use as well as the retention of the division on Blighted or Deteriorated Properties. The Structures Unfit for Occupancy or Use division represents adoption of specific authority granted in State Law. This division allows the Town to summon property owners to a schedule hearing, and make decisions regarding repair and demolition based on whether the estimated cost of repair would exceed fifty percent of the value of the structure in question. Aside from numbering, format, and grammar adjustments, no amendments are proposed regarding Blighted & Deteriorated Properties.

**Article 4.** The only proposed amendment to this existing article is to amend the section regarding notice to the property owner, to add the option to publish such notice in the newspaper for two consecutive weeks, in cases where notice by mail is not possible. This option is included as part of the enabling State Law, but had not been included when the ordinance was originally adopted years ago.

**RECOMMENDATION BY:** Assistant to The Town Administrator, Trevor Hobbs & Community Development Director, Mark Shipley.

**PROPOSED MOTION:** Approve on First Reading Ordinance 20-02, to amend the Farragut Municipal Code Chapter 14, Nuisances.

**BOARD ACTION:**

Secs. 14-125 – 14-135. Reserved
Article 4- Lot Clearing

Sec. 14-136. - Prohibition

Pursuant to the authority granted to municipalities under T.C.A. § 6-54-113, it is unlawful for any owner of record of real property to create, maintain, or permit to be maintained on such property the growth of trees, vines, grass, underbrush and/or the accumulations of debris, trash, litter, or garbage or any combination of the preceding elements so as to endanger the health, safety, or welfare of other citizens or to encourage the infestation of rats and other harmful animals. It is the intent of this title to be permissive, and not mandatory, and to serve as a means of last resort for the Town to assist residential communities and/or owners of neighboring property when restrictions and/or covenants applicable to the offending property provide no private remedial powers to correct the offensive characteristics of the property that endanger the health, safety and welfare of other citizens. In accordance with this intent, the Town Administrator or his/her designee may or may not take steps under this title. He/she must be satisfied, in his/her sole discretion, that there are no covenants or restrictions that are applicable to the property that could be enforced to correct its offensive characteristics, and that all reasonable private actions aimed at eliminating the offensive characteristics of the property have been exhausted.

Sec. 14-137. - Designation of public officer or department

Town Administrator or his/her designee is designated pursuant to T.C.A. § 6-54-113 to enforce the provisions of this article on behalf of the Town.

Sec. 14-138. - Notice to property owner

It is the duty of the Town Administrator or his/her designee to serve notice upon the owner of record in violation of section 14-134, a notice in plain language to remedy the condition within ten (10) days (or twenty (20) days, excluding Saturdays, Sundays and legal holidays, if the owner of record is a carrier engaged in the transportation of property or is a utility transmitting communications, electricity, gas, liquids, steam, sewage, or other materials). The notice shall be sent by United States mail, addressed to the last known address of the owner of record. When an attempt at notification by United States mail fails or no valid address exists for the owner of record, the notice may be published in a newspaper of general circulation in the county where the property sits for no less than two (2) consecutive issues or personally deliver the notice to owner of record. For the purposes of this section, such publication shall constitute receipt of notice effective on the date of the second publication of the notice and personal delivery shall constitute receipt of notice immediately upon delivery.

The notice shall state that the owner of the property is entitled to a hearing, and shall, at the minimum, contain the following additional information:

(1) A brief statement that the owner is in violation of section 14-134, which has been enacted under the authority of T.C.A. § 6-54-113, and that the property of such owner may be cleaned up at the expense of the owner and a lien placed against the property to secure the cost of the cleanup;

(2) The person, office, address, and telephone number of the department or person giving the notice;
(3) A cost estimate for remedying the noted condition, which shall be in conformity with the standards of cost in the Town; and

(4) A place wherein the notified party may return a copy of the notice, indicating the desire for a hearing. Failure to request a hearing within the notice period described above shall without exception constitute a waiver of the right to a hearing.

Sec. 14-139. Cleanup at property owner's expense

If the property owner of record fails or refuses to remedy the condition within the notice period set forth in section 14-138, the Town Administrator or his/her designee may cause the condition to be remedied or removed at a cost in conformity with reasonable standards, and the costs thereof shall be assessed against the owner of the property. The Town may collect the costs assessed against the owner through an action for debt filed in any court of competent jurisdiction. The Town may bring one action for debt against more than one or all of the owners of properties against whom such costs have been assessed, and the fact that multiple owners have been joined in one action shall not be considered by the court as a misjoinder of parties. Upon the filing of the notice with the office of the register of deeds in the county, the costs shall be a lien on the property in favor of the municipality, second only to liens of the state and county for taxes, any lien of the Town for special assessments, and any valid lien, right, or interest in such property duly recorded or duly perfected by filing, prior to the filing of such notice. These costs shall be referred to the county trustee for collection at the same time and in the same manner as property taxes are collected. If the owner fails to pay the costs, they may be collected at the same time and in the same manner as delinquent property taxes are collected and shall be subject to the same penalty and interest as delinquent property taxes.

Sec. 14-140. Owner-occupied property

Notwithstanding the provisions contained in section 14-139, when the property is owner-occupied residential property, the Town must wait until cumulative charges for remediation equal or exceed five hundred dollars ($500.00) before filing the notice with the register of deeds and the charges becoming a lien on the property. After this threshold has been met and the lien attaches, charges for costs for which the lien attached are collectible as provided in section 14-139 for these charges.

Sec. 14-141. Judicial review

Any person aggrieved by an order or act of the Town Administrator or his/her designee under section 14-139 may seek judicial review of the order or act in a court of record in the county. Notwithstanding any provision of this section to the contrary, the time period established in section 14-138 shall be stayed during the pendency of judicial review.
SECTION 2.

This ordinance shall take effect from and after its final passage and publication, the public welfare requiring it.
