

Stormwater Advisory Committee (SAC)

Charter

Background

The Town of Farragut (Town), along with all other cities in the United States with populations in the 10,000-100,000 range, is required by the U.S. Environmental Protection Agency to participate in Phase II of the National Pollutant Discharge Elimination System (NPDES) Stormwater Permit Program. In Tennessee the Phase II NPDES program is administered by the Tennessee Department of Environment and Conservation (TDEC).

The first requirement of the program was that participating municipalities submit a Notice of Intent (NOI) to comply with the provisions of a state-written general permit. That NOI, submitted to TDEC in March 2003, included a plan of action by the Town to develop and implement an ongoing program of storm water management directed at the protection and improvement of water quality of the local water resources. The program is structured to address six specific measures:

1. Public education and outreach on storm water impacts;
2. Public involvement and participation;
3. Illegal discharge detection and elimination, including outfall and storm sewer system mapping;
4. Construction site storm water runoff control;
5. Post-construction storm water management in new development and redevelopment, including the development of best management practices (BMP's) that will be used to maintain high water quality in surface runoff; and
6. Pollution prevention for municipal activities and operations, such as vehicle washing and grounds maintenance.

The Farragut Board of Mayor and Aldermen (FBMA) and Town staff believe that the implementation of the stormwater management program outlined in the NOI is best facilitated by participation of various key stakeholders. Accordingly, a Stormwater Advisory Committee (SAC) is herewith chartered by the FBMA to provide oversight for the program in cooperation with the public, Town staff, and FBMA.

Mission

The Stormwater Advisory Committee will serve as a mechanism to provide oversight in an advisory capacity of the stormwater management program as outlined in the Town's NOI. The SAC will process information, requests, and recommendations from the public and Town staff, and advise the FBMA, the Farragut Municipal Planning Commission, and staff. Furthermore, the

SAC will perform other activities as specified for SAC action in the Farragut Municipal Code, Subdivision Regulations, and other town ordinances.

Membership

The Stormwater Advisory Committee shall consist of seven (7) voting members appointed by the FBMA, and, if available for appointment, one (1) non-voting youth-member appointed by the majority vote of the committee. Voting members shall be composed of at least one (1) member that is a specialist in hydrology/water quality or aquatic ecology/water quality, at least one (1) member that is a civil or environmental engineer (preferably with a P.E. certification), at least one (1) member that is a practicing landscape architect, nursery professional, horticulturalist, or forester, one (1) member that is a member of the Farragut Municipal Planning Commission, and the remaining members from the public at large. (If applications for voting membership to the committee do not include these specific specialists, other individuals may be appointed at the discretion of the FBMA, preferably individuals with interest, knowledge, and expertise in stormwater management, environmental issues, or science.)

Voting members are appointed to a two-year term and may be re-appointed. Terms shall be staggered. In case of resignation, death, or removal from office, another appointment shall be made to finish out the unexpired term of office of the former member. Members of the committee may be removed for cause by the Board of Mayor and Aldermen at any time. The non-voting youth member's term may be for one fiscal year or less depending on the youth member's availability. The non-voting youth member may be removed from the committee at any time by majority vote of the committee.

Voting members serve at the pleasure of the Board of Mayor and Aldermen and are expected to attend scheduled meetings. The term of any voting member shall expire on the third absence from the scheduled meetings during the fiscal year. Voting members may seek reappointment by the Board of Mayor and Aldermen.

The SAC will determine meeting protocol, elect a chair, vice chair and a secretary, and maintain meeting minutes. Meetings of the committee will be public meetings consistent with Town practices and Tennessee Law. The public will be invited to provide input as the stormwater management program evolves. The Town Engineer and the Town Community Development Director will participate in the SAC meetings as advisors.

The SAC shall provide the FBMA a written report at the Board's first meeting in May of each year or as soon thereafter as possible. The report shall: (1) summarize activities of the committee during the preceding twelve months, (2) describe the Town's program in addressing the six specific measures (see above), (3) evaluate the effectiveness of the SAC in addressing its mission (see above), (4) recommend further actions regarding the Town's NOI, and (5) recommend an action plan for the SAC for the next fiscal year for approval of the Board.

This charter was approved by the Farragut Board of Mayor and Aldermen on April 26, 2018.
